April 30, 2021

May Supply Pick-up

Hard to believe we are finishing up April and about to begin May tomorrow! As a result, we have our FINAL supply pick up day!!! If you are 100% Distance Learning, please come by the office to pick up your child's materials on Monday, May 3rd.

Group A students will receive their materials on Monday, May 3rd and Group B will receive theirs on Tuesday, May 4th.

Bring Devices Next Week!!!

As we begin our final round of Fastbridge assessments next week, we have a huge ask for you to remember next week!!! **PLEASE BRING YOUR CHARGED TUSD DEVICE TO CAMPUS NEXT WEEK!** Group A must bring theirs on Monday, May 3rd. Group B must bring theirs on Tuesday, May 4th. Group C (Distance Learning only) must bring their on Thursday, May 6th.

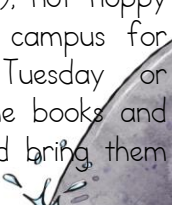

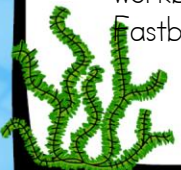

Testing will begin AFTER our morning class session. We will eat lunch in the cafeteria and then return to room 4 for testing at 12:00. Please be back on campus to pick your student up at 1:30. Thank you!

Text Book Return

Mrs. Meyers is beginning to collect text books checked out to all students back in August. While we are still learning out of our books for the next few weeks, we will share videos and other resources in place of the books so you may send them back to school.

We are asking for you to return the 3 text books (hard covers: 2 are Wonders books and one is a science text), not floppy workbooks when you come to campus for Fastbridge testing Monday, Tuesday or Thursday. Simply put the books and device in a backpack and bring them starting Monday!

Coin Counting

This week we started our final math unit of the year...coins! While it is a new unit, it is not a new skill. We've been counting coins every day of the school year during morning calendar. We are a bit surprised that many students still do not recognize quarters, dimes, nickels and pennies and how much they are worth. If you hold up a coin and your student does not know its name or value, **PLEASE SPEND A FEW MINUTES EACH DAY TO PRACTICE AND REVIEW THIS VITAL SKILL!!** Thank you ☺
