<https://bohn.tracy.k12.ca.us/digital-learning>

Mrs. Brown &  
Mrs. Delucchi's  
Shark Bites  
February 5, 2021

## Parade Update

Yesterday we learned that Friday, February 12<sup>th</sup> is a minimum day because it is the last day of the 2<sup>nd</sup> trimester. As a result, students will end class at 10:30 am.

The Valentine's Day Parade will now be from 10:45-11:00 am. Come drive (or walk) by Bohn and pick up a sweet treat from the Bohn Staff. Hope you can make it!

## Mystery Science on Tuesday

We are very excited to begin a hands-on Mystery Science lesson on Tuesday, February 9<sup>th</sup>. To be prepared and ready to fully participate, please have the following items ready to go Tuesday morning:

1. Work of Water STEM packet (from February Supply Pick-up)
2. glue stick (not Elmer's white glue) or scotch tape
3. scissors
4. 3 pieces of scratch paper (from February Supply Pick-up).

## Practice, Practice, Practice

It has been so wonderful having students in our classroom this week! We had 100% attendance!!!

While in class, we administered a math fluency assessment and rate and accuracy reading assessment. Unfortunately, the majority of our class is not on grade level for math and reading fluency. We provide many opportunities and resources to practice math and reading fluency with games, websites and practice pages. We need more students to take advantage of this and practice math facts and read EVERY DAY! Xtramath, Prodigy and iRead must become daily habits. These are programs that build on skills and provide needed repetition to build fluency and accuracy.

100% of our  
students took the  
FastBridge  
Assessments with  
us this week!!!
