Mrs. Brown & Mrs. Delucchi's Shark Bites

May 7, 2021

Thank You

We appreciate your efforts to let us keep your kiddos a while longer this week. We were able to get our online assessments completed for 86% of our class. Additionally, we were able to complete the math fluency and language arts rate and accuracy assessments in person.

Results will be reported on the
3rd trimester report card.
You'll receive the report card
once all textbooks and devices
are returned May 28th.

Dance-a-Thon

Monday, May 10th kicks off our first ever Dance-a-Thon! We will watch a short introduction Zoom during class to see what it is all about. Basically, PTO is helping organize a fundraiser for our school. Participation is optional, but highly encouraged. All students will receive a FREE Bohn Shark shirt and have the opportunity to win prizes too. Simply visit funrun.com to sign up. The student code is **898541**. When you set up your account, you will be able to send donation request emails to friends and family. Friday, May 21 we will celebrate our successes with a DANCE PARTY!

Textbook Return Help

Many students returned text books this week! Thank you!!! If you have not done so yet, please do so at your earliest convenience. If you are wondering what books are checked out to your student, please click [here](#) for a short video on how to access the library system. It will show you which books your student must return.

You may return computers and hotspots between May 28th and June 1st. After that you will be charged for the device and books not returned. If your student is going summer school, hold onto the device until summer school is over.

3rd Grade Ready?!

Can you believe we have just 3 short weeks of 2nd grade left?! While this has been one of the most challenging years ever in the world of education, we are proud of the growth our students have made this year. We did notice though that many students must work on their independence a bit. We had many students tell us this week they don't know their user name and password to log into their devices. At this point, every 2nd grader should be able to log into their own devices (and iRead!) without parental assistance. Please work to help your child gain this important piece of independence over the next few weeks.
