## November Supply Pick-up

Next Friday, November 6<sup>th</sup> is Supply Pick-up Day from 12:00 pm - 1:00 pm. When you come to pick up the new set of supplies for the month of November, please remember to return the ORANGE JOURNAL from the month of October. It is important that you come by because we will begin using the supplies in class on Monday, November 9<sup>th</sup>.

## Thank You!!!

We truly appreciate the time each of you took to meet with us this week for parent conferences. For the first time in both of our 20+ years of teaching, we had 100% participation and everyone attended! THANK YOU! A couple reminders from our meeting:

1. Our writing expectations increase in 2<sup>nd</sup> trimester. Students must no longer just copy our work, but they need to generate ideas of their own for tasks assigned for homework.
2. As we begin to move in to double and triple digit addition and subtraction, **PLEASE DO NOT TEACH THE ALGORITHM!** There is a method to our madness and we'll provide lots of models and videos explaining our strategies.
3. Homework and Asynchronous BLACKOUT Bingo is **NOT** optional!!! Please turn in all assignments on time. ☺

## Help Our Class Earn \$20 Per Student

Many of you filled out the FARM application at the beginning of the school year. We appreciate it! You helped generate an extra \$170 for our classroom. We have the opportunity to earn another \$90 if the rest of our class completes the application.

Please visit <https://mealapps.tusd.net/fma/>

Remember that because you fill out the application, it doesn't mean you are needing or wanting free and/or reduced lunch. Thank you in advance for your support!

## Device Pick-up!

Thank you to those families that have come by to pick up the laptop for home use. If you have not picked yours up yet, please make some time to come by school to get it. It is needed to run the iRead program effectively. It will also be helpful for when we assign work on the Wonders and MyMath platforms. **Also, friendly reminder: Cameras are to be ON during class sessions.**

If you have technical glitches, and need some tech support, you can email [studentsupport@tusd.net](mailto:studentsupport@tusd.net). These devices are brand new and should not have glitches.
